FLORISTON CORRESPONDENCE

News From the Bustling Up-River Town.

The Pacific Construction Company moved in their new camp at Mystic this week and are at work constructing a bridge across the river at that place.

Mr. Dyas of Iceland wears a very broad smile these days caused by the appearance of a little stranger at his home on the morning of March 12th, in the shape of a 10-pound boy.

W. E. Smith, the S. P. Co.'s auditor, was in town yesterday.

Dr. D. J. Williams of San Francisco

spent Tuesday and Wednesday in Floriston in the interest of the Continental Building and Loan Association.

W. P. Hawley was a westbound passenger last evening. He expects to be absent about a week.

W. Meredith boarded the swing train this afternoon for Reno.

Iceland people experienced a bad fright a few days ago, account of the illness of one of the men employed at that place, which had the appearance of smallpox. Dr. Hadden, our resident physician, who was called in, soon dispelled their fears, however, by pronouncing it simply a bad cold.

The eastbound flyer was two or three hours late today, caused by a freight train wreck near Gold Run.

Floriston, Cal., March 14, 1900.

Her Finances.

Mrs. Leland Stanford has absolutely disposed of every penny of the enormous fortune left by her husband, the late Senator Stanford. She recently signed the last of the deeds that transferred to the Leland Stanford, Jr. University every acre of land that her husband had owned, as well as her personal property, which included over so many millions in stocks and bonds. So, as to the actual ownership of property, she is destitute today, but the trustees of the University have bound themselves to pay her \$25,000 a year, which she uses for personal wants.

A Thousand Tongues.

Could not express the rapture of Anne E. Springer, 1125 Howard St., Philadelphia, Pa., when she found that Dr. King's New Discovery for consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help but she says of this Royal Cure—"It soon removed pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praise throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c. and \$1.00. Trial bottles free at S. J. Hodgkinson's Drug Store; every bottle guaranteed.

A Hungry Thief.

While Mrs. McNeal of Virginia was absent from her home on North E street Saturday evening, some thief pried the back door of her house open with a crowbar and broke the locks off some inner doors. When the family returned they found the contents of the house turned topsy-turvy, but an investigation disclosed that the thief had a fine mouth for pie, as the only thing that was missing was a pie and a can of milk. The crust of the pie was afterward found in the back yard and the culprit will probably be placed in jail in a few days. -Enterprise.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in the most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement, I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts per bottle at S. J. Hodgkinson's Drug Store.

My son has been troubled for years with chronic dyspepsia. Sometime ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using two bottles of the 25 cent size he was cured. I give this testimonial, hoping some one similarly afflicted may read it and be benefited.—THOMAS O. BOWEN, Glencoe, O. For sale by Wm. Pinniger, Druggist.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. R. Johnston of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and paining very much, but one good application of Pain Balm relieved me. For Sale by Wm. Pinniger, Druggist.

A Big Casting.

Yesterday the largest casting ever attempted in Reno was successfully accomplished at the Union Iron works. It was a 3,000-pound mortar for a stamp mill being erected in Olinghouse canyon by Proctor & Allen. There are thousands of tons of good ore awaiting the completion of the mill.

A Vile Stench.

A dead sheep is sleeping its last sleep in the waters of the little creek that crosses Second street. It has been there for a week or more and is in a ripe and odorous condition. The attention of the officers is respectfully referred to this nuisance.

The Ice Crop.

Dave Dyaart of Iceland was in town yesterday. He stored 19,000 tons of good quality ice this season. The usual harvest is in the neighborhood of 28,000 tons. However there will be no famine for congealed aqua pura this year.

A. P. Cross, the Amedee stage man, is in town.

J. M. JONES

IS DEAD

An Old Prospector Crosses the Great Divide.

One of the most interesting characters of Reno passed away yesterday when J. M. Jones closed his eyes and his spirit crossed over the divide.

"Cobalt" Jones, as he was familiarly called, had lived in this county since the early sixties. He came from Iowa, Kentucky was his birthplace.

Mr. Jones led an eventful life in the west; he was up and down on fortune's wheel. He made many friends, two of whom, Newt Bakeless and Matt Parrott, were with him in his room at the Clarendon hotel when his lamp of life went out.

The deceased has only one known relative, Reuben Jones, a brother, residing in Osceola, Iowa.

Death resulted from pneumonia, incurred while prospecting a few weeks ago in Churchill county, where he recently discovered a lost mine of supposed great value.

WON IN THE LOTTERY

Big Sack Pulled Down by a Lucky Man.

Button, button, who's got the golden button?

That's what the reporter couldn't find out yesterday. Some said Charlie Nash was the fellow to strike it lucky. Will Jackson was picked by some as the winner and still others settled on H. Clausen as the man who captured the pot.

Whoever he may be, some one in town is \$7,500 richer to-day than he was twenty-four hours previous.

The San Francisco papers announced that ticket No. 79,032, which won the capital prize in the Little Louisiana lottery, had been sold in Reno. Two prizes of smaller calibre were won by a couple of lucky boys on the Comstock.

MRS. ROBINSON LAID TO REST

Impressive Services Held in the Church and at the Grave.

The body of Mrs. G. W. Robinson was carried by loving hands to its last resting place, the Grand Army plot in Mountain View cemetery, yesterday afternoon. The cortege extended for blocks, testifying to the love of the entire community for the departed soul.

Rev. Hudson preached an impressive funeral sermon in the Baptist church. The altar was strewn with floral tributes from relatives and friends of the deceased. Mrs. Robinson's children, the Grand Army post and the Women's Relief Corps sent beautiful designs.

The services at the grave were conducted according to the ritual of the Relief Corps.

Illegal Fishing.

Despite the intimation given the officers a few days ago in the JOURNAL, there is still plenty of illegal fishing in the Truckee. Local sportsmen are getting hot in the collar at the somnolence of the cops and kick vigorously. One disciple of Walton said yesterday that if no arrests were made he would do the necessary detective work himself. Truckee river trout are exposed for sale daily and the place where they are caught is in a trap not many miles from the electric light dam.

Pot fishermen are also reaping a harvest at the reduction works.

Who is He?

A Reno sport visited the Comstock a few days ago, and resolving not to go away empty handed, took with him a 17-year old maid, ye old Addie Hanson.

Yesterday the mother of the girl called on the officers to get a warrant for the arrest for the gay Lothario on a charge of seduction.

On being informed that she would have to put up \$25 expenses for bringing the Riverside Don Juan back to civilization Mrs. Hanson gave up the parent.—Report.

Established a Record.

The bicycle fiends have already begun the season's work of record smashing. Yesterday O. M. Lake and Arthur Eaton rode down from Loughton's in 14 minutes flat, pretty good time for five miles of hilly roads.

NEWS LETTER FROM VERDI

Batch of Items by One of Our Correspondents.

Digging for Coal.

If persistency is a factor in successful coal mining perhaps we may yet boast of coal. The fact that coal has been found here had been well known for years, however, the quality and quantity have never appealed to the consideration of those interested in coal mines.

J. H. Brown is the latest miner to undertake the development of coal mines in this vicinity. About one mile east of Verdi, near the Central Pacific track, a shaft is being sunk which is now at a depth of six feet. Unmistakable evidences of coal are in sight. However, one can only speculate on what may be found at a greater depth.

Some years ago a gentleman from San Francisco undertook the development of a coal mine on the ranch of H. E. Hanken. After sinking a shaft some 150 feet a carload of coal was taken out and shipped to Sacramento where it was to be tried on a locomotive. The test was made between Sacramento and Tracy, the owner of the mine firing the engine. The engine reported unfavorably on the quality of the coal, which has since given Verdi, as a coal producer, its quietus.

Mr. Brown has the good wishes of Verdi, whose citizens will gladly encourage him in his development work.

Another Use for Kaolin.

It is rumored that large quantities of kaolin from the kaolin hills below town will be used in the manufacture of paper at the Floriston paper mills. It is probable, however, that they will obtain their supply from other sources.

Get a Hustle On.

Now that the town is on the incline, let the property owners—those most interested in its improvement—get together and carry out the intention to open and improve Front street to the box factory.

SHORT ONES.

Miss Anderson is the guest of Mrs. F. S. Delavan.

Miss Vera Towles is visiting her relatives and friends in Verdi.

NEWS OF THE STATE.
Brief Items Culled From the Papers on Our Exchange Table.

A series of caves have been broken into in the Robust mine in White Pine county, and they have led to the discovery of rich ore bodies.

Salt Lake mining men are beginning to realize that an independent smelting plant is necessary in that city and it is quite probable the trust will have competition before many months have passed.

The Juniper claim is the latest in Olinghouse to come to the front, but it is all right. J. C. Day, George Abbey and W. H. Jackson are the fortunate miners. Assays show \$165 per ton of ore in gold. Enough work has been done to show the find is of such extent, that it will return some thousands of dollars.—Wadsworth Dispatch.

Having a Great Run on Chamberlain's Cough Remedy.
Manager Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind and it gives great satisfaction. In these days of a gripe there is nothing like Chamberlain's Cough Remedy to stop the cough, heal up the sore throat and lungs and give relief within a very short time. The sales are growing, and all who try it are pleased with its prompt action.—South Chicago Daily Calumet. For sale by Wm. Pinniger.

Payment Made on Copper Mines.
As foreshadowed in our last issue Superintendent Bray last Thursday delivered to the owners of the Calumet group of copper claims in this district a check for the sum of \$2,000, the second payment due on the bond which was granted to New York capitalists some six months ago. Thos. Hookhill, Thos. Johnson, Newt Boyd and W. D. Clements are the men who drew down the coin. Coming immediately after the visit of an expert to the property, this payment certainly promises well for the future. Mr. Bray informs us that he expects to increase the force at the mines as soon as a bunk house can be built, and that development will be pushed as rapidly as possible.—White Pine News.
